It has come to my recent attention that certain anomalies and ambiguities have arisen regarding Insurance cover by Show Jumping Ireland for events such as the International Show Jumping event which takes place at our premises here this weekend.

I also understand that other Show Jumping arenas like ours have encountered similar difficulties and confusion regarding Insurance cover for events that are showcased under the auspices of Show Jumping Ireland. This is nevertheless despite the fact that we discharge levies to Show Jumping Ireland each and every time such an event takes place.

I have been assured previously that such Insurance cover was in place to cover our premises and patrons during such events but in my opinion, this does not appear to be the case. While I have a very good working relationship with Show Jumping Ireland I, nevertheless, sought clarification on certain insurance issues and in particular what level of cover was provided by Show Jumping Ireland for such events and in particular arising out of any claims by Third Parties following recent correspondence received by me from Show Jumping Ireland. Arising therefrom, it became clear that its Insurers/Agents were refusing to indemuify me in relation to a Third Party claim when I was of the strict understanding that such Insurance was provided and covered by Show Jumping Ireland and its Insurers for the event in question.

While I have received written assurances from Show Jumping Ireland that it would indemnify me regarding the incident in question. I was nevertheless left with no option but to seek additic nal insurance cover from an alternative provider for this weekends upcoming show for want of any ambiguity or misunderstanding whatsoever regarding the Insurance cover now provided.

It would, of course, be most beneficial if Show Jumping Ireland and its Insurers engaged positively with its members to indicate exactly the extent of Insurance cover for such events so as to avoid any confusion going forward into the future in holding such events.
